Meeting Announcement

Water Chillers

The Greenville Chapter meeting will be held on **Tuesday, 5/10/22, at 11:50 am**. Please note we have returned to the Roper Mountain Science Center Wilkins Conference Center – 402 Roper Mountain Road, Greenville, SC 29615, for our meeting location. The Conference Center is located at the top of the mountain after entering from Roper Mountain Rd (see map below).

A Message from the President

We hope that you all are enjoying our FY-2022 ASHRAE year. Thank you to those who attended last month's meeting both virtually and in person. Hopefully you enjoyed the addition of our Owl Camera to broadcast the meeting in a more interactive fashion to those joining remotely. We hope that this has enhanced our offering to the chapter and allows those that are not normally able to attend to join us virtually.

If there is something that we as a ASHRAE Greenville Chapter Board can do to enhance our service of Chapter Members, please do not hesitate to reach out to me or another board member (see list of board contacts & areas of service on page 4). Please also know that we are always actively looking for those that would like to volunteer to serve on the board and help steer our future direction.

We hope to see you (virtually or in person) for this month's meeting!

Ryan Tonnsen

Chapter Technology Transfer Committee Bill Knight & Tigue Garick

Ladies & Gentlemen,

Our chapter technology transfer committee would like to invite you back to all IN PERSON meetings for 2021! This year we will be using Stax Catering for our meals. As always, *we are looking for meeting speakers and sponsors* as well as volunteers to serve on the BOG and our many committees. Please don't hesitate to reach out to either of us with meeting ideas as well as any questions or concerns. Thank you in advance for your support of our chapter, and we look forward to seeing you next week!

We will be meeting in Greenville on May 10, 2022 at Roper Mountain Science Center, Wilkins Conference Center – 402 Roper Mountain Road, Greenville, SC 29615. We will start serving lunch at noon, with a program on air distribution designs and practices using textile air dispersion products.

Please RSVP by 9AM Monday, May 9th, 2022

If you have any questions, contact:

Ryan Tonnsen 864-395-9012 or tonnsenr@cxconsultants.com

Cost: **Lunch Program:** \$15 at door for chapter member (catered lunch)
 \$20 for non-chapter member (catered lunch)
 \$10 for virtual attendance (lunch not included)

Education Credit: This Seminar qualifies for 1.0 PDH each (including NC PE).

May Meeting

Water Chillers

Mr. James Levins

James Levins provides pre-sale application support for all air cooled chillers, commercial condensing units, and condensers. He has over 30 years of experience within the HVAC industry.

Prior to his current role, James worked for Johnson Controls Inc. as an account executive and application engineer with responsibilities focusing on engineers and the major projects team. James also held other positions, including Manger of a Variable Refrigerant Flow Team and Sales Engineer with a Carrier Distributor. James has a Bachelor of Science degree in Mechanical Engineering from Marquette University in Milwaukee, WI, is a past president of the ASHRAE Wisconsin Chapter, and is currently working out of Carrier's Charlotte, NC Manufacturing Facility.

Water Chillers

This Presentation is a very high level discussion of water chillers broken down into 4 sections.

1. General Overview of the common types of electric chillers.
2. Frequently asked application questions along with solutions and reasons.
3. What's New....Some of the recently introduced options common to the industry.
4. What to expect in the near future and what are the impacts outside of the chiller.

ASHRAE TECHNOLOGY AWARDS 2021 – CALL FOR NOMINATIONS!

The ASHRAE Greenville Chapter Technology Transfer Committee (CTTC) is now accepting nominations for 2021 Technology Awards. Have you or your organization done something sensational and deserve recognition? Start your application now to begin reaping the benefits of recognition by your peers and ASHRAE. There are six (6) different categories for entry. Details can be found at <https://www.ashrae.org/membership/honors-and-awards/technology-awards-program-overview> .

If you have any questions please contact Bill Knight at bknight@greenville.k12.sc.us or (864)355-7792.
